Dear Dr. Powell,  
Just a short note and many  
enclosures.

I have sent a memo to Robert Tancine asking him to start work on preparing the 95 mm slide photographs for exhibition. The exhibition will run from October 24, 1984 to November 14, 1984. I will be coming in October 19 (I may need a note from the bus station) and ~~and~~ I want to meet with you and Robert J. T. at 7:30 that evening to get everything set. If you can schedule some school groups to come in ~~on~~<sup>on</sup> some days during that time period it would be great.

2) my mother wrote home and said she gave you something that she shouldn't have. I don't know what it is, but if you haven't already, could you please return them.

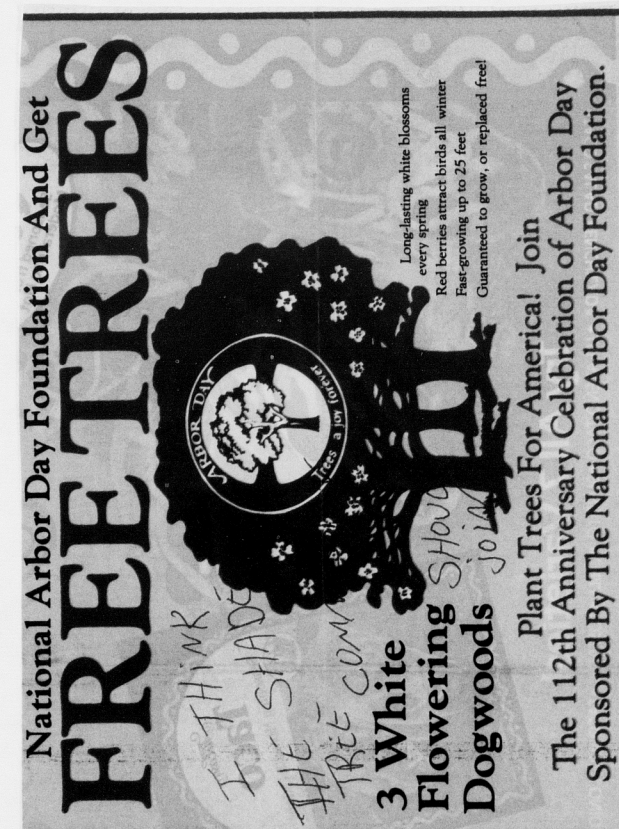

3) I have enclosed the listing of N.E. PA.

I took a look at it in the library and the set is ~~good~~ handsomely bound in a single volume. It is black "leathers" with gold letters on the spine.

When I'm coming in, if I need a  
ride I'll tell you when my bus is arriving.  
I hope to hear from you soon and,  
also I'll see you soon.

Sincerely yours  
John "C.B." Shinklevine

P.S. My classes are going very well.  
Is the outdoor palace working out well?

Why do some people insist on writing with blue ink? Blue ink makes me so mad I could scream.

Clearly more people who are uneducated write with blue ink Blue (ball point pen) than people who are educated.

Dear Robert,

I didn't receive a letter responding to  
the last one I sent to you. It probably  
got lost in the ever efficient Tensile  
mail system.

I will be, hopefully, doing some research shortly and also this week I will be writing letters to Mrs. Exple @ Oxford and Nancy Marchant.

I will not be able to make it to the clinics,  
but I will be there in spirit.

I hope that the exhibition of photographs has gotten off the ground. I know I shouldn't spend too much time as almost the entire life of a forest owner in New York who lives in Florida.

9600 there even any word yet on the museum grant proposal?

I hope that you are surviving this recent return to winter weather and look at it this way, it can only get worse.

When I come in for Thanksgiving I, hopefully will be able to take a trip out to Ekdale Lodge. There may be snow on the ground by then.

Well, that's about it for now.

yours truly,  
John McKinstry

P.S. I may be discussing with a professor shortly about the possibility of the Univoid video-tape project. Short is if you still think we could do it.

— This Griswold video tape project has not, apparently, been discussed with J.K.'s parents, auntie and I would have heard about it by now.
